The loss of such a bright shining star is unthinkable. I can remember my first meeting with Elizabeth. She was uplifting and happy with a hint of seriousness. That first encounter lead to many memories of the Alford's. Then along came Pervis. So much love between them. I remember the surprises he would have for her from time to time. Their love bore two sons. Whom they both loved wholeheartedly. I know words rarely mean anything when you are grieving the loss of a loved one. Over time I hope you all find peace. And remember the good times you all were gifted by having her in your life. She will be greatly missed but never forgotten. Her legacy lives on in all of you!
