Charles Crain....my friend for many years. We started to school together many moons ago, so we go way back. I appreciate your friendship.....don't find many dear friends like you. Glad for the talks we had, trips we took, and visits. When I wasn't home and you'd call, my message would be: "Tim, this is Charles. Give me a call when you get this. Later, Buddy". I can assure you that you will be missed. And, concerning that last wish you had of me when you called Monday, I would have been honored. Your friend.....Tim
