My cousin Agnes also known as (Chita) always took care of "us" the younger ones when my cousins Xavier, Francis and I were playing and getting picked on by our older cousins. She always had a beautiful smile and spirit - and was so happy and excited when she met Clarence. I never had the opportunity to meet him but I had the pleasure of speaking with her and felt her excitement over the phone. She was blessed with love and family and has left a magnificent footprint on this earth for many to follow! Many blessings go out to her family and friends as she is now truly with you in spirit. Sending healing energy to all as Chita would do for us!
