My dad was truly a character I can think of two things that he embedded in my character and that was always plan my outings three days in advance if I didn't do it 3 days in advance I didn't get to go and he also taught me to always be the best that I could be we went through a lot as a family but I know then he was the best father he could be at that time and I, I do love him. It's been almost 4 years since we lost him and I think of him often. I also think of my sister Lena everyday seems like I can't keep up with life anymore. My life changes every single day and I'm not sure where I fit in but I do know that God has a plan for me. I will find out who I am and I'm just grateful that I was able to I have a mother and a father in my life. To all who read this I hope you live everyday like it's your last and choose your words wisely as I will God bless you all.
