Gloria, your passing has saddened the hearts of those who knew you. I know time has passed since we were young and life has since taken us all on different journeys. I always looked forward to seeing you when we went to New Orleans and sometimes Lafayette. How often we would end up on a random adventure and all the friends I met because of you. You always gave really genuine hugs. I know you will find peace Glo-bug. Much love.

It's difficult to put in to words what I feel right now. I will miss the times we spent together, laughing and watching tv shows...waiting tables at Bennigan's. I will miss your random calls and feeding Lilly cheeseburgers. I'll miss your laugh and your smile the most. I don't know that I will ever find a light as bright as yours, outside of peapod. Who is going to talk to my babies through my belly button? I still have your house key in my purse. The key will remain with me from now until forever. I hope that you rest easy love and visit me often.
