Renee was such an inspiration to me. She made me appreciate my life and made me view things so differently by sharing her friendship and her life. We worked together and became friends and even though we had not spoken since she relocated to LA she was always in my thoughts and prayers. I know she has gone to a better place but it does not lessen the empty place she left here on earth. My heart breaks and my condolences go out for her family; I know how close they were and how much they will miss her. Renee, thank-you for being my friend.

I grew up always having these two cousins, Vickie and Renee, who always seemed more like my sisters. As kids we were always together. I always loved Renee's humor, and if all three of us were together it was constant laughing and joking. I can remember Renee's illness started when she was very young, and she has dealt with it most of her life. I've said before that she was a very strong person because I know that she had to endure a lot during her years here. I hope that she has finally found some peace, and that GOD will take care of her. She will be sadly missed though by her family, but not forgotten. I love you, Renee.

After 51 years I have to get used to the idea that my beautiful sister Renee is no longer in the world with me. She will forever be in my heart and I know I will continue to hear her advice, teasing, and humor all through my days. I will do my best to try and follow her lead in strength and goodness. She always knew the right thing to do in any situation, she was determined there would be no bad karma for her! I love and miss you Renee, and I will until we are together again someday.
