My prayers are with your family at this time. I remember spending many days at her house as we were growing up. I remeber Kathy always wanting to walk by John's house. We would walk up and down up and down her street in hopes that she would see John at the door or on the porch. One time I said look there he is say something, she just took off running back the her house she was embarrassed at the moment as he was waving at her. She is happy once again as she is with the love of her life again!! I will always treasure the memories I have of her as yall should also. Rest in peace my friend and DHS class of 1972 classmate.
