Gwen was always so good to me, better than I think I deserved. Her whole family accepted and loved me when my own didn't. She and Robert supported me when my little girl died. She has been a rock that I depended on without thinking. She was always there...was. What shall I do without her? I can only hope to live up to the goal posts you set in loving and family. I love you and miss you Gwen, as do we all.
