Aunt Cheryl, I will miss you greatly. I remember all the stories you and my mom would tell about when I was a baby, I wouldn't take my bottle or be consoled by anyone but you. I remember as a little girl, I looked up to you in your scrubs and wished that when I grew up I could be just like you. I always thought you looked so important in your scrubs. When I saw you in August, I talked to you about my nursing school. Well, I'm not giving up and I am still on my mission to be just like you...important in scrubs. My only wish was that you could be here to see it. Thank you for influencing my life in such a grand way. I will never forget you nor the laughter you brought to our family. I love you always!!
