Our thoughts and prayers are with your family. I went to AHS from 1992-1996 where I graduated from. Coach was a wonderful man and had a great sense of humor. I loved to watch him coach in a game because you could just see how passionate he was for the game. I can remember him coaching from back in the early 80's as well because my cousin played for the Lady Indians and I had the privilege of at that time to watch him coach. He will be deeply missed by everyone whom he touched their lives. Our thoughts and prayers will remain with you and your family through this trying time. God Bless you all.

Most think a basketball coach's contribution to a young man's life is confined to a jump shot or perhaps a crossover dribble. Coach Goins taught me many things more things other than basketball. Such things as character and perseverance will always stand out to me. I remember many heated moments when Coach wasn't pleased with the team's play, but I also remember a gentle man who sought out ways to teach us. I will always cherish those memories and hold fast to the lessons learned.\r\n\r\nI pray that the peace of Christ comforts Coach Goins' family during this time. He will surely be missed.

Coach Goins touched many young peoples lives through the teaching of basketball. Many young men have came out of Anacoco High School being better people because of things Coach Goins instilled into them as athletes and as people in general and that is what made him so special. My family's prayers are with your family in this time of sorrow. We will never forget Coach Goins.

Coach,\r\n\r\n What can I say about a man who never gave up on me? Who always beleived in me no matter how mad or frustrated I got. You are part of the reason of who I am today and I beleive I am a better person because of you. You made me realize the importance of a team concept and I have carried that with me for the past 10 years. You are someone that I will tell my son about in a couple of years when he gets older, and you better beleive I will pass on what you taught me to him. You would always tell me to get that chip off my shoulder, and for a while I had no idea what you meant. As I got older I realized what you meant and it all made sense to me. It's funny... I can still here you yelling at me out on that basketball court from time to time and I think, man I miss that. You will be missed Coach and you will never be forgotten. God bless you and your family. \r\n\r\n With Love\r\n Toby & Nina Michel
